About Ministry Boost

Ministry Boost was started in 2018 with the goal of helping church leaders recruit more volunteers and build healthy family ministries. With limited time to work ON the ministry, we help leaders not start from scratch as they develop the ministry they envision.

Ministry Boost Audience

The Ministry Boost audience is made up primarily of leaders in NextGen/Family Ministry, including Children's Ministry, Student Ministry, and NextGen/Family Pastors. They make up about 80% of the audience. The remaining 20% is a mix of other church staff roles, including adult discipleship, campus pastors, assimilation staff, guest services, executive and lead pastors.

Reach & Past Events

Ministry Boost has hosted events online and in-person, including the **Multiply Ministry Conference** *(online - 1,100 attendees)*, **Coaching Group Gatherings** *(in-person - 30-50 attendees)*, **Volunteer Recruiting Workshops** *(in-person - 30-180 attendees)*, and **Children's Ministry Volunteer Training Conferences** *(in-person - 200-600 attendees).*
